

AIMS Coordinators Meeting Minutes

August 21, 2008

Host: AIMS

Location: Johnson County Admin Building

Next Meeting:

September 11, 2008

Host: AIMS

Location: Johnson County Admin Building

Announcements:

AIMS has received approximately half to two thirds of the 2008 Orthophotography from the vendor and is performing qa/qc on the delivered images. AIMS is scheduled to have the 2008 Orthophotography available to data partners and to the public by the end of September 2008. AIMS is also expecting to receive the 2008 Oblique imagery within the next few weeks and available to end users by the middle of September. For additional information please contact Brian Hiller at AIMS, 913-715-1600.

Agenda:

The August meeting focused on topics and discussion following the annual ESRI user conference in San Diego. Discussion topics included:

- ESRI's Top 10 9.3 Desktop Timesavers
- AIMS list of Additional 9.3 Desktop Enhancements
- Editing Enhancements
- CAD and GIS, Interoperability and Extensions
- 9.3 Upgrade and Compatibility
- ArcGIS Server
- The Road Ahead including 9.4

Please see the associated PowerPoint presentation for further details.
