

AIMS Coordinator's Meeting Agenda
Hosted by MARC
Johnson County Administration Building
June 14, 2007

- **Overview of GIS at MARC** – GIS is used in many ways, every day, within MARC, learn what data are important to our work and how it's used.
- **GIS and 9-1-1** – GIS data plays a critical role in our region's 9-1-1 system, find out how GIS data is gathered and used for 9-1-1 within MARC.
- **Paint the town** – Learn how MARC's Research Services staff are forecasting development patterns within the region to "paint the town" through advanced spatial analysis techniques.
- **GIS Committee Work (KC Metro GIS & RHSCC GIS Subcommittee)**
Find out what the missions of KC Metro GIS and the RHSCC GIS Subcommittee are, and what's on their agenda for this year.
