

AIMS Coordinators Meeting

October 12, 2017

Lucity Conference – Ryan Geiter/Mike Nelson

- Lucity moving to Pro/Portal over next few versions
- Going to html5
- Waiting on ESRI Utility Network for some functionality
- Discussion of ESRI licensing/users with CMMS systems

FME Reading AGO Map services & Pro – Ryan Geiter

- Workforce/Survey 123 demo
- Security reminder

Small cell discussion

- Small cell towers in public ROW

Events Site Map – Aaron Baumgarden

- Quick and easy via Pro
- Loads up to AGO
- Discussion of uses among cities

Orion Collections Migration – Travis Wagner

- The migration should be transparent to myAIMS users and to the public. It is simply a switch of data source with minor changes to the data schema. Some more dramatic changes are related to the data set of Special Assessments on properties.
- New public access web site is to be rolled out the morning of October 18th, 2017.
- See Presentation for more details

Neighborhoods – Meg Shoffner

- See Presentation
